Subject: Gustav Disaster Codes

JPAMS added 4 new entry codes and 1 new exit code for tracking students from hurricane Gustav. Please use these codes to be prepared for future DOE reporting requirements.

Entry:

G1 C2 Gain with District-disaster GUSTAV

(Gain from within our district... only use this is a student moves around in our district due to personel damage.)

G2 C3 Gain with State-disaster GUSTAV

(Use for any gains outside of our district!)

G3 C5 Gain from Non Public-disaster GUSTAV

(Use for a gain from a private school.)

G4 E2 Gain outside State-disaster GUSTAV

(I don't foresee having to use this one, but this would be for a non-Louisiana student.)

Exit:

97 09 E Exit due to disaster event - GUSTAV **(DO NOT USE!)**

Note: DO NOT make up a social security number for any student who comes without one! You need to get one from me so that we can keep up with everyone properly!

As you register any out-of-district Gustav students, please send me an email with their names, date entered, and from what parish. We need to keep this data accurate in case we end of having to report numbers to the state and federal government for funding.

Thanks,
Tammy
