

Leprechaun Logic

The local leprechaun family plans a traditional Irish party each year for St. Patrick's Day. Six leprechauns were given jobs to do to help prepare for this year's event. Larry has lost the list that tells them who is supposed to do each job! To help them figure out who is responsible for each task, put an O on the grid to match each leprechaun to the correct job. (Hint: To help solve the puzzle, make an X to indicate the jobs that are not the leprechaun's responsibility.)

	Shopping	Decorating	Cooking	Invitations	Cleaning	Music
Lenny						
Larry						
Leo						
Luther						
Laura						
Lois						

Clues:

• Leo found a stack of recipes in the kitchen with a note addressed to Luther.

• Leo is an awful cook, but he is the only leprechaun who knows how to drive.

• Lois remembered that her sister has to dust the trays and polish the silver.

• Lenny gave Larry the names and addresses of all his friends.

• Lois began to comb through the yellow pages for the numbers of local bands.

• Lenny has a closet full of art supplies.
