

## Presentation

### Draw Me a Fraction

Your students will demonstrate their understanding of fractions by drawing pictures of fractions as they appear in real life

#### Materials:

- Presentation Software or Kid Pix

#### In Preparation:

- As you teach fractions in regular class activities, be sure to point out where fractions occur in real-life situations.
- Have your students take notes on the different types of fractions: fraction of a whole and fraction of a group.

Fraction of a whole:  $\frac{1}{4}$  of the pizza is pepperoni,  
 $\frac{3}{12}$  of the window is broken

Fraction of a group:  $\frac{1}{3}$  of the coins are pennies  
 $\frac{3}{10}$  of the girls wear glasses

#### Procedure:

- Have your students create pictures showing fractions in real-life situations. They must show one of each type of fraction.
