# DEFINITIONS

**EMERGENCY-** A sudden, generally unexpected set of circumstances that requires immediate action.

**IMMINENT RISK OF HARM** – An immediate and impending threat of a person causing substantial physical injury to self or others. The risk is “imminent” if it is likely to occur within a matter of moments.

**MECHANICAL RESTRAINT** - The application of any device or object used to limit a person’s movement. The term does NOT include the following:

- A protective or stabilizing device used in strict accordance with the manufacturer’s instructions for proper use and which is used in compliance with orders issued by an appropriately licensed health care provider.
- Any device used by a duly licensed law enforcement officer in the execution of his official duties.

**PHYSICAL ESCORT** -- Touching or holding a student with or without the use of force for the purpose of directing the student to a new location. Physical escort does not include the unforced holding of a student’s hand or other physical prompts for the purpose of safely guiding the student from one task to another or directing the student in an educational activity.

**PHYSICAL RESTRAINT** -- Bodily force used to limit a person's movement. The term does NOT include the following:

- Consensual, solicited, or unintentional contact.
- Momentary blocking of a student's action if said action is likely to result in harm to the student or any other person.
- Holding of a student by one school employee, for the purpose of calming or comforting the student—provided the student's freedom of movement or normal access to his/her body is not restricted.
- Minimal physical contact for the purpose of safely escorting a student from one area to another.
- Minimal physical contact for the purpose of assisting the student in completing a task or response.

**POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORT** --

A systematic approach to embed evidence-based practices and data-driven decision making when addressing student behavior in order to improve school climate and culture.

**SECLUSION** -- A procedure that isolates and confines a student in a separate room or area until he/she is no longer an immediate danger to self or others.

**SECLUSION ROOM** -- A room or other confined area, used on an individual basis, in which a student is removed from the regular classroom setting for a limited time to allow the student the opportunity to regain control in a private setting and from which the student is involuntarily prevented from leaving.

**SCHOOL EMPLOYEE** -- A teacher, paraprofessional, administrator, support staff member, or a provider of related services.

**SUBSTANTIAL RISK OF INJURY** -- Behavior expressed through verbal and/or physical means to cause serious physical harm to self or others, whether or not considered directly and substantially to be a manifestation of the student's disability.

**TIME-OUT** -- A behavior reduction procedure that involves the absence of positive reinforcement for a limited period of time. Time-out may include: (1) *Inclusionary time-out* where the student remains in sight and sound of others in the classroom; (2) *Exclusionary time-out* where the student leaves the learning environment and goes to another location but is not isolated and prevented from leaving. These forms of time-out are NOT considered by the school board to constitute seclusion but must be monitored and documented at the school level to ensure that repetitive incidents of time-out do not occur and, if occurring, do not result in substantial isolation of the student from instructional activities.

**WRITTEN GUIDELINES AND PROCEDURES** -- The written guidelines and procedures adopted by a school's governing authority regarding appropriate responses to school behavior that may require immediate intervention.

# **SUPERINTENDENT'S DIRECTIVES**

## **PURSUANT TO SCHOOL BOARD POLICY**

The West Baton Rouge Parish School Board has approved the following guidelines and procedures relative to the use of seclusion and restraint by its employees:

### Reporting requirements

- ❖ Notification requirements for school officials and parents/legal guardians

When a student is restrained or placed in seclusion, parents must receive a phone call from a school administrator within 24 hours of the incident. All employees who witnessed/assisted with the incident must complete Forms SR 1 and SR 2 within 24 hours and submit the form to their school administrator. Form SR1 must be mailed to the parent(s) no later than 2 school days after the incident. If an administrator is not available, the administrator's designee must notify the parent(s). The Supervisor of Child Welfare and Attendance as well as the Supervisor of Special Education must receive a copy of the completed form within 2 school days.

Form SR2 must be completed by the person(s) designated to observe/monitor the student every 15 minutes. This form must be submitted to the administrator by the end of the day of the incident.

- ❖ Explanation of methods of physical restraint

Employees with Crisis Prevention Institute Training (CPI) are trained to focus on prevention and use proven strategies for safely defusing anxious, hostile, or violent behavior at the earliest possible stage. When practical, these employees are the 'first responders' in situations that may escalate to the point of physical restraint. These employees are trained to practicing the principles of non-harmful physical intervention, thereby reducing the risk of injury.

- ❖ Training requirements relative to the use of restraint

The principals, in conjunction with Central Office Personnel, will select the employees to be trained to use CPI. The training will be conducted by the district's certified team of trainers with refresher/updates provided annually. The Director of Special Education will maintain documentation of training.

- ❖ Dissemination of guidelines and procedures to all school employees

All school employees will be provided a copy of the West Baton Rouge Parish School Board Seclusion and Restraint Policy and Procedures. All employees will be afforded the opportunity to receive additional information upon request. School administrators will provide a copy to all employees and obtain their signature indicating receipt of the information. The guidelines and procedures shall also be posted at each school under the jurisdiction of the West Baton Rouge Parish School Board.

- ❖ Dissemination of guidelines and procedures to every parent of a child with an exceptionality

The West Baton Rouge Parish School Board Seclusion and Restraint Policy and Procedures will be posted on the West Baton Rouge Parish School Board website as well as each school's website. It will also appear in the Student handbook. Parents of all students with an Individualized Education Program (IEP), (including gifted and talented) will receive a copy annually.

- ❖ Notification to the Louisiana Department of Education

The Directors of Special Education and Child Welfare and Attendance will be responsible for notifying the LDE.

- ❖ Notification to any School-Board approved charter school officers and employees.

The West Baton Rouge Parish School Board shall require all charter schools located in West Baton Rouge Parish to follow the same Seclusion/Restraint policies and procedures approved.

# SECLUSION

Seclusion is a procedure that isolates and confines a student in a separate room or area until he/she is no longer an immediate danger to self or others. Seclusion does not include time-out, “which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming”. The term does not include in-school suspension or student requested breaks.

## **Seclusion is permitted only:**

- For behaviors that involve an imminent risk of harm.
- As a LAST resort when de-escalation attempts have failed and the student continues to pose an imminent threat to self or others.
- As long as necessary to minimize the imminent risk of harm while summoning the assistance of crisis intervention personnel, emergency medical services personnel, and/or law enforcement officers when a crime has been committed.

## **Seclusion is prohibited:**

- For addressing behaviors such as general noncompliance, self-stimulation, and academic

refusal. (Such behaviors SHALL be responded to with less stringent and less restrictive techniques).

- As a form of discipline or punishment.
- As a threat to control, bully, or obtain behavioral compliance.
- For the convenience of school personnel.
- When unreasonable, unsafe, or unwarranted.
- If the student is known to have any medical or psychological condition that precludes such action (as certified by a licensed health care provider in a written statement provided to the school in which the student is enrolled).

# SECLUSION ROOM

## **Seclusion Room is permitted only under the following conditions:**

- **As a LAST resort** if and when less restrictive measures, such as positive behavioral supports, constructive and non-physical de-escalation, and restructuring of a student’s environment, have failed

to stop a student's actions that pose an imminent risk of harm.

- **By a school employee** who uses accepted methods of escorting a student to a seclusion room, placing a student in a seclusion room, and supervising a student while he/she is in the seclusion room.
- If one student is placed in a seclusion room at any given time and the school employee supervising the student is able to see and hear the student the **entire time** the student is placed in the seclusion room.
- The room is **free of any object** that poses a danger to the student placed in the room.
- The room has an **observation window** and is of a size appropriate for a student's size, behavior, and chronological and developmental age.
- The room has a ceiling height and heating, cooling, ventilation, and lighting systems **comparable** to operating classrooms in the school.

**Seclusion Room is prohibited:**

- As a form of discipline or punishment.

- As a threat to control, bully, or obtain behavioral compliance.
- For the convenience of school personnel.
- When unreasonable, unsafe, or unwarranted.
- If the student is known to have any medical or psychological condition that precludes such action (as certified by a licensed health care provider in a written statement provided to the school in which the student is enrolled).

## **MECHANICAL RESTRAINT**

**No student shall be subjected to any form of mechanical restraint by school employees.**

# PHYSICAL RESTRAINT

**Physical Restraint is permitted only under the following conditions:**

- If the student's behavior presents a threat of imminent risk of harm to self or others.
- As a last resort to protect the safety of self and others.
- To the degree necessary to stop dangerous behavior.
- In a manner that causes **NO PHYSICAL INJURY** to the student.
- Results in the least possible discomfort to the student.
- Does not interfere in any way with a student's breathing or ability to communicate with others.
- Does not involve the use of any form of mechanical restraint.

- The student is not physically restrained in a manner that places excessive pressure on the student's chest or back or that causes asphyxia.
- Applied only in a manner that is directly proportionate to the circumstances and to the student's size, age, and severity of behavior.

**Physical Restraint is prohibited:**

- As a form of discipline or punishment.
- As a threat to control, bully, or obtain behavioral compliance.
- For the convenience of school personnel.
- When unreasonable, unsafe, or unwarranted.
- If the student is known to have any medical or psychological condition that precludes such action (as certified by a licensed health care provider in a written statement provided to the school in which the student is enrolled).

# MONITORING & DOCUMENTATION

## Seclusion and Restraint require monitoring, documentation, and analysis of data collected:

- Continuous monitoring.
- Documentation every 15 minutes (with adjustments made accordingly).
- Student is released/removed as soon as the reasons for the action have subsided.
- Parent or guardian notified as soon as possible. The school shall document all efforts, including conversations, phone calls, electronic communications, and home visits, to notify the parent of a student who has been placed in seclusion or physically restrained.
- Parent or guardian notified in writing within 24 hours of EACH incident of seclusion/restraint.
  - Reason for seclusion/restraint

- Description of procedures used
- Length of time of seclusion/restraint
- Names and titles of school employees involved.

- Director of Special Education notified any time student is placed in seclusion/restraint.
- School employee who used seclusion/restraint shall complete Form SR1 for each incident of restraint and seclusion.
- School employee shall submit Form SR1 and SR2 to the School Administrator not later than the school day immediately following the day of the seclusion/restraint.
- School employee shall submit copy of Form SR1 to student's parent or guardian.
- When a student is involved in **5 incidents of restraint/seclusion in a single school year\***, convene the IEP Team to review and revise the student's behavior intervention plan to include any appropriate and necessary behavioral supports.
- Review data/documentation at least once every 3 weeks for students secluded and restrained and whose challenging behavior continues or escalates.

- Five (5) incidents in a school year includes the cumulative number of incidents of restraint **AND** seclusion. (e.g., 2 restraints + 3 seclusions = 5 incidents).

## **SECLUSION AND RESTRAINT PROCEDURES**

### **I. Dissemination of Policy, Procedures, and LDE Guidance**

By August 8th, 2012 and annually thereafter, each school Principal shall make available to school personnel and the parents/guardians/students of majority age, copies of La.R.S. 17:416.21 (Louisiana Act 328 of 2011), LDE Guidance (if approved by BESE by such date), and local policies and procedures regarding the use of reasonable restraint and seclusion of students with exceptionalities in the educational environment. It shall be considered permissible to publish such regulations, guidance, policies and procedures on the website of the Central Community School Board. Such restraint and seclusion notification shall also be referenced and/or included in the annual notice of student rights and responsibilities provided to the parents/guardians/students of majority age.

### **II. Use of Restraint and/or Seclusion By School Personnel**

**TIME-OUT:** School personnel may separate a student from other students for a limited duration as a behavior management technique, as long as the student is monitored at all times and is not substantially isolated from instructional activities. Time-out is not considered seclusion; however, time-out periods must be documented to ensure that repetitive incidents of time-out do not occur and to ensure that repetitive behaviors are addressed appropriately.

Monitoring requires close, visual proximity to the student, release as soon as the behaviors cease that led to the isolation/seclusion, the space where the student is secluded has adequate lighting, ventilation, heating and cooling, the space is free of objects or items that may unreasonably

expose the student to danger; the space is designated by the school as a safe environment for temporary, safety-required seclusion.

**SECLUSION:**

School personnel may use seclusion (isolation and confinement of the student in a separate area) **ONLY** when the student poses an immediate risk of danger to self or others as more fully described below:

- The person is in control of a weapon;
- Isolation is needed to break up a fight or maintain order at the school;
- The person poses a viable threat of imminent harm to self or others or substantial destruction of school property;
- Isolation is required/specified by a

student's IEP, Section 504 Plan, and/or Behavior Intervention Plan;

- Other such incidents involving imminent risk of significant injury to the student or others.

➤ **Seclusion SHALL BE:**

- The action of last resort when de-escalation attempts have failed and the student continues to pose an imminent threat to self or others.
- Used only as long as necessary to minimize the risk of harm while summoning the assistance of crisis intervention personnel, emergency medical services personnel, and/or law enforcement officers when a crime has been committed.

➤ **Seclusion SHALL NOT be used:**

- As the sole means of behavioral intervention and support for any student with a disability
- As a form of discipline or punishment
- As a threat to control, bully, or obtain behavioral compliance
- For the convenience of school personnel
- When unreasonable, unsafe, or unwarranted
- If the student is known to have any medical or psychological condition that precludes such action (as certified by a licensed health care providers in a written statement provided to the school in which the student is enrolled); or

- After the substantial risk of injury no longer exists.

➤ **Monitoring:**

A student placed in seclusion must be monitored/supervised at all times by an adult. Monitoring requires close, visual proximity to the student, release as soon as the behaviors cease that led to the isolation/seclusion, the space where the student is secluded has adequate lighting, ventilation, heating and cooling, the space is free of objects or items that may unreasonably expose the student to danger; the space is designated by the school as a safe environment for temporary, safety-required seclusion.

**Seclusion used for reasons other than imminent risk of harm and contrary to the procedures listed above shall be considered unreasonable and strictly prohibited. Seclusion SHALL NOT be used as a disciplinary consequence for minor infractions or to otherwise isolate the student from needed educational instruction.**

**SECLUSION ROOM:**

School personnel may confine a student with a disability to a seclusion room (a room or other confined area from which the student is involuntarily prevented from leaving) on an individual basis and for a limited time to allow the student the opportunity to regain control in a private setting.

When the use of a seclusion room is necessary, the student with a disability should be escorted to the seclusion area without the use of physical force. Physical prompts are permissible for the purpose of safely guiding the student from one area to another, but care should be taken to limit the use of physical contact with the student and to avoid the use of physical force. Verbal redirection and other means of positive support should be used before resorting to physical means.

➤ **ENVIRONMENTAL AND OTHER CONDITIONS:**

When a seclusion room is necessary as a last resort (after less restrictive measures have been used such as positive behavioral supports, constructive and non-physical de-escalation, and restructuring of the student's environment), the following environmental and other conditions are **REQUIRED:**

- The student must be supervised by a school employee;
- The supervising employee must be able to see and hear the student the entire time the student is confined to the seclusion room;
- The seclusion room must be free of any object that poses a potential danger

to the student while in the room;

- The seclusion room must have an observation window of a size appropriate to the student's size, behavior, and chronological and developmental age;
- The seclusion room must have a ceiling height and heating, cooling, ventilation, and lighting systems comparable to operating classrooms in the school;
- The seclusion room must **NOT** be used as a form of discipline or punishment or to threaten or bully the student or to obtain behavioral compliance;
- The seclusion room must **NOT** be used for the convenience of school personnel or when

unreasonable, unsafe, or unwarranted;

- The seclusion room **IS NOT PERMITTED** for use by a student who has a known medical or psychological condition that precludes its use (as certified by a licensed health care provider in a written statement provided to the school).

#### **DOCUMENTATION:**

- All incidents of seclusion and use of a seclusion room must be documented on the Seclusion Incident Report Form (SR1).
- A copy of the procedures governing the use of seclusion/seclusion rooms

should be provided to the parent(s) and student of majority age at each student's annual IEP review meeting. A statement can be added to the IEP document indicating that the parent was provided a copy of the school district's restraint/seclusion procedures.

**INCIDENT REPORTING:**

Reporting the use of seclusion and/or restraint MUST be made to **SPECIFIED** individuals within the timelines indicated in these procedures and recorded on the Seclusion Incident Reporting Form (SR1).

Seclusion/Seclusion Room Incident Reporting data must be analyzed at least annually. These procedures should be

reviewed and revised as necessary during the interim period to ensure appropriateness and effectiveness.

It is recommended that data will be used to track the number of incidents of seclusion by student, staff, and type of incidents; description and number of injuries sustained by student and/or staff and the nature of any such injuries; and other factors such as precipitating events and other observable factors.
